For transportation to Catalina:
Catalina Flyer from Newport Beach
For more info, please contact: 800-830-
-7744 Extension 4.

Note: Based on availability

For Information only.

Thank you for your interest in a volunteer vacation with Catalina Island Vacation Rentals. We appreciate your consideration in taking the time to explore opportunities to help support with keeping Catalina wild and beautiful. Your volunteer contribution is an important reason why the Catalina Island Conservancy is able to do as much as they do.

During your volunteer vacation, you will have opportunity to attend "Thursday Mornings at the Nursery" where you will be driven to the James H. Ackerman Native Plant Nursery in the interior of the island and you will assist with any horticultural needs; transplanting, weeding, watering, etc. Another exciting opportunity is to do a Windward Beach Clean-Up, which occurs the second Saturday of each month. You may also have the rare opportunity to become trained as a Catalina Island Conservancy Naturalist! Experience Catalina like never before and be a part of what makes a difference in its preservation.

Next steps are:

- ⇒ Contact Lesly Lieberman for availability and space for Thursday mornings at the Plant Nursery and the Windward Beach Clean-Up.
- ⇒ Contact Alexa Johnson for availability and space for Naturalist Training.
- ⇒ Check availability for ferry tickets with the Catalina Flyer from Newport Beach at the "Catalina volunteer rate."
